Parent funding support is needed to maintain a strong instructional program for our students. The "General School Support" below is used to maintain instructional technology, to help make field trips possible, for classroom supply costs that exceed our general district funding, and to purchase student body cards and student planners which are used to help teach organizational and time management skills, as well as serve as a communication device between school and home. We understand that some families may wish to contribute in other ways or may find this contribution to be financially challenging, and therefore please know that this is not required.

The "Additional Contribution" is suggested for any families that are in a position to make a greater gift to support these programs and services for all students. Please indicate the amount, if any, in the appropriate space.
